

What ?

Ooo
I
need
toilet

I'm
glad
that's
done
with.

Whew
!

GLANK
Woo!

BO

OM...!

?!

you
are
joking

Hell
fire
?

Hell
fire
!!

H
He
.
.
.

I saw it!
It's true!

There's nothing wrong

Stop absurd joking!
We gonna have holidays from tomorrow

It's true!
Come with me!

No way

Near the toilet..

That's why it's so scary!

The impossible happened!

AHHH!!

Fire can't occur without ignition source and fuel!

You must be tired.

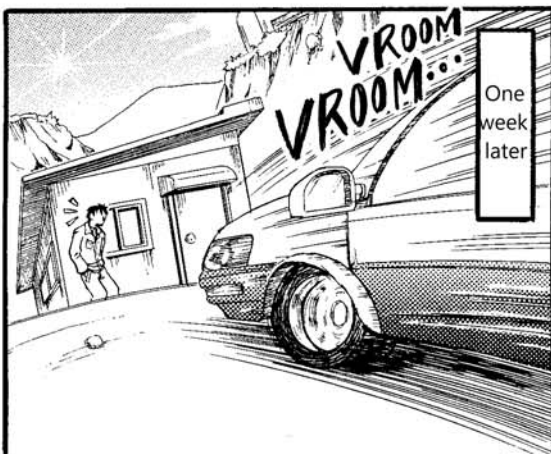

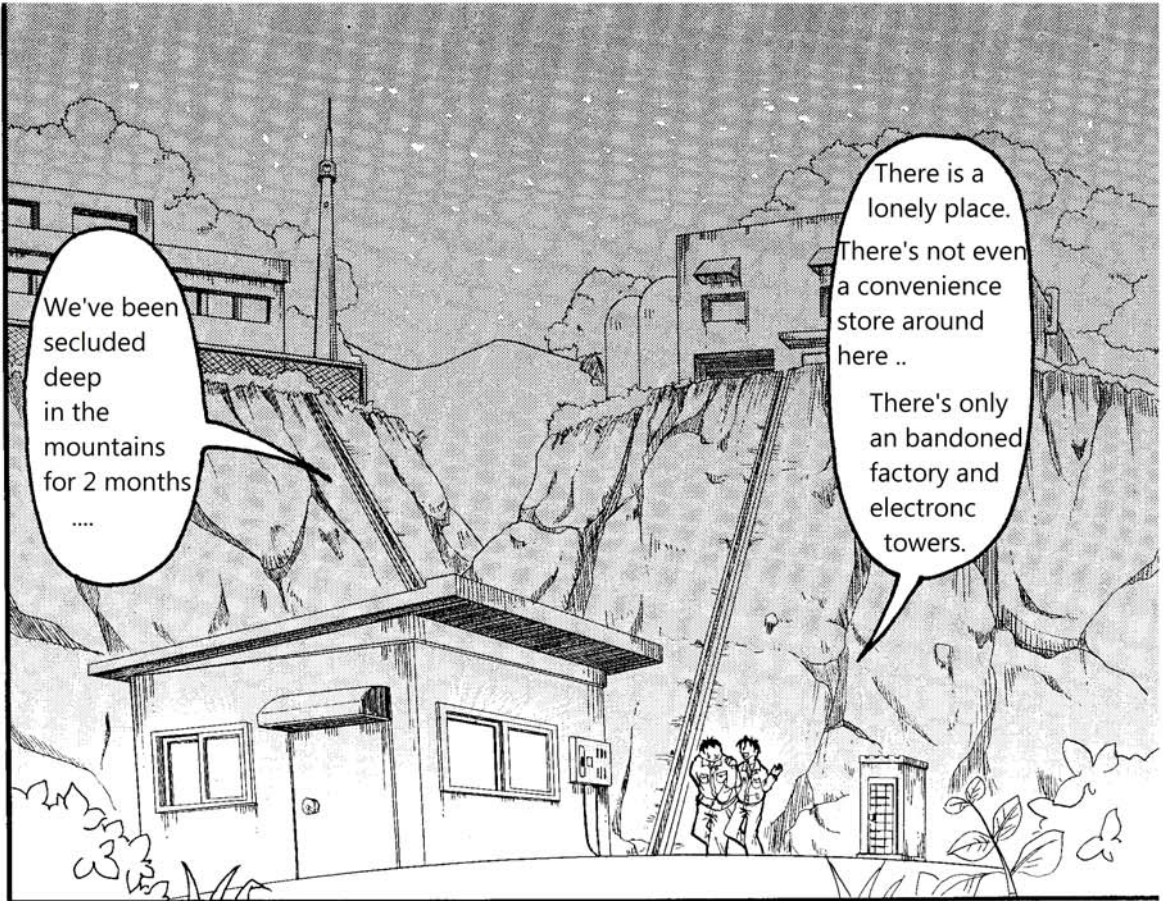

We've worked here for 2 months...

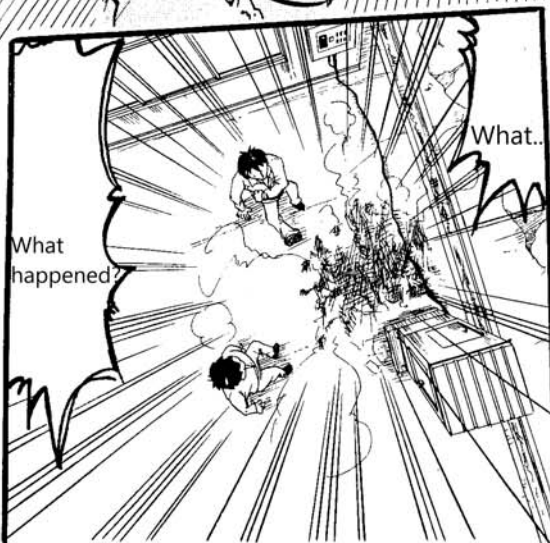

Oh..

Brrr...!

Is it a ghost coming from the hell?
OR is there some terrible legend behind this?

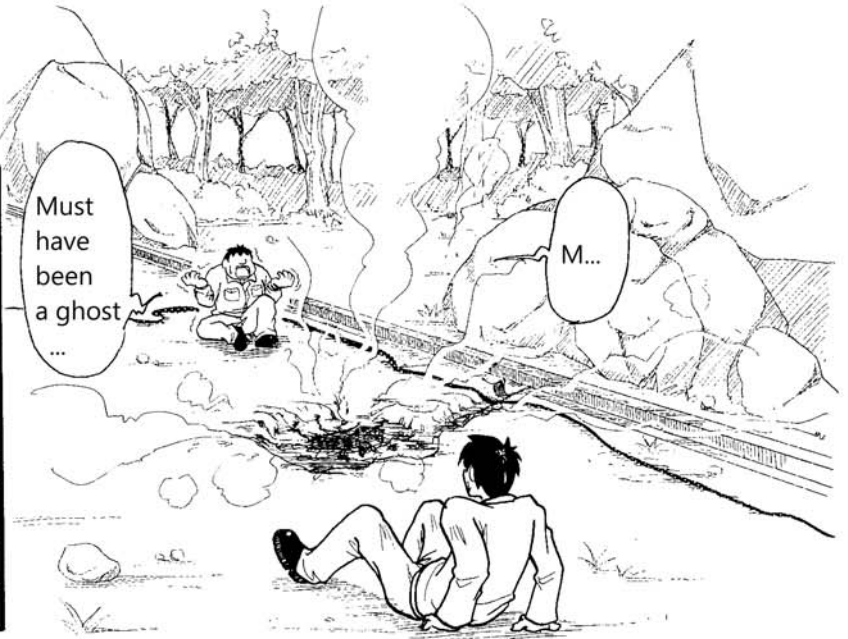

That fireball was from the hell!

It was a warning!

We are cursed!

Must have been a ghost ...

M...

leading to somewhere like a path ...

There's a scorced trail through a ditch?

GAZE...

Let's go from here!

What are you doing?

You should stay away from such an ominous place.

burned ...

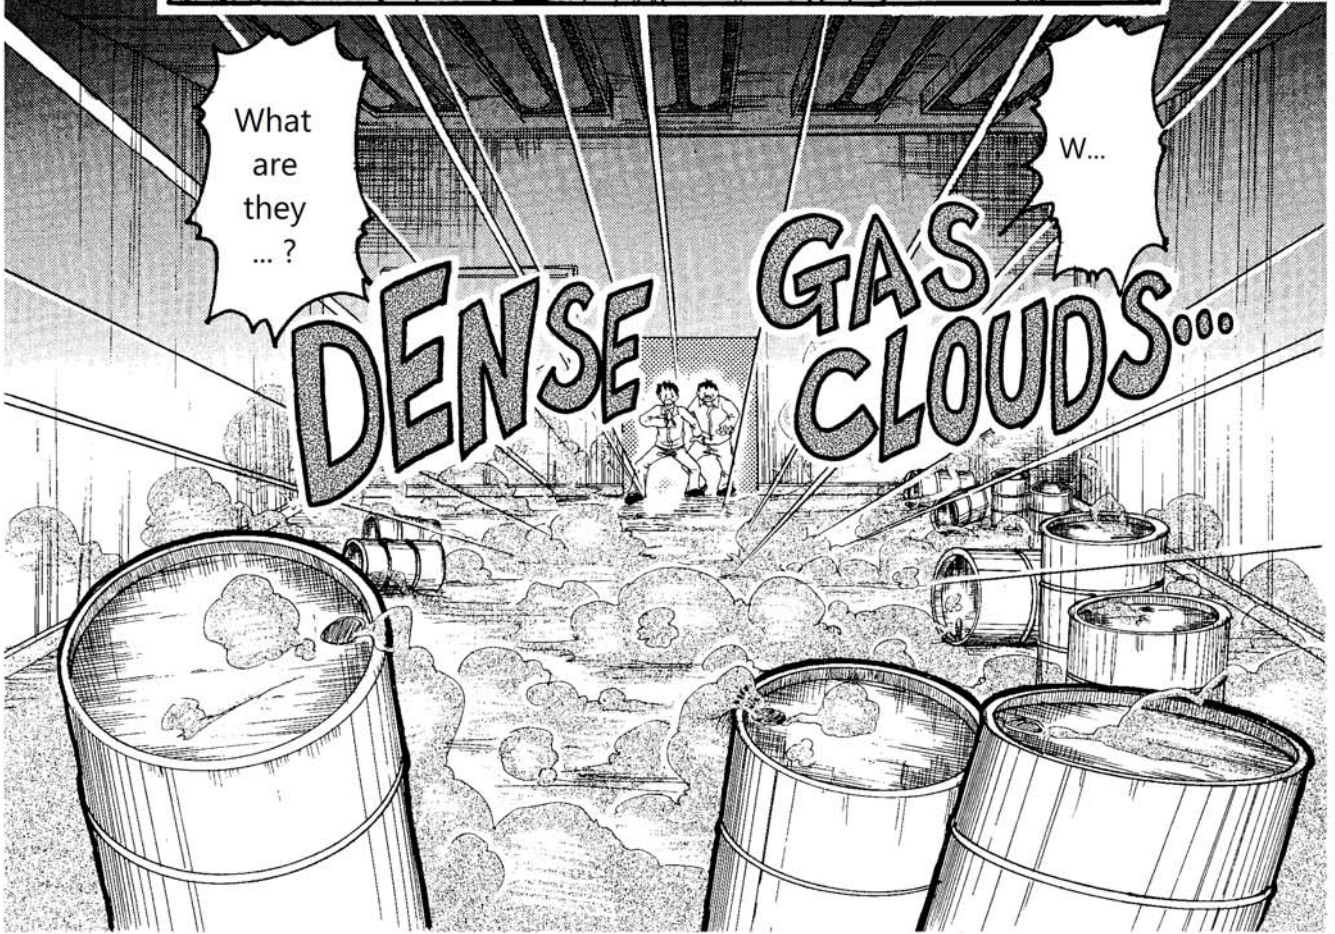

Stop! Don't leave me alone!

What are you talking about?

DASH!

Come on, we have to see what there is!

This factory

Gas

Accumulate

Our working area

Short

Switch on

BOOM

Ignite

CLICK!

The fireball you saw was caused by gas ignited by an electrical spark!

Drifted down from this factory to our work area ...

Well... It is some heavy flammable gas ...

Idiot!

It wasn't a ghost..

I'm so relieved!

Caused such a big explosion!

First day

Third day

A week later

dense gas cloud

I got it!

Gas accumulating over long holidays ...

We need to learn ...

Have to call and tell to our boss...

P1
P2

There are lots of things

that explosion wouldn't happen ...

If you investigate the cause when you found without believing absurd illusion

That's right ...

This is a fictional story based on a real accident
